DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-110 are rejected under 35 U.S.C. 102(b) as being anticipated by BARR ET AL (US 6112978).

BARR ET AL discloses a method of packaging in which a packing insert is adhered (18) (See BARR ET AL, Figure 3) to the inside of a first panel (12) of a blank (10). The blank has a second panel (14) adjacent the first panel, a third panel (16) adjacent the second panel, and a fourth panel (20) adjacent the third panel. The blank is folded into a box with one end open and the insert adhered to the inside of the first panel, an article placed therein, and the box closed, the glue flap (26) closed on top to seal the box. (See BARR ET AL column 1:30-63 and Figure 3.) The resulting box is rectangular in shape. The insert is disclosed as a literature insert, folded as needed.
